College and that the subscription to the work may be continued, the books being sent to the Central College.

Subd for orders with reference to Dewan's order at para 7 of these notes. As there is difference of opinion between the two officers consulted a simple way of deciding the question is to subscribe for only one copy of the annual issue instead of two as at present and send the copies to the Central College as suggested by the D.P.I. of Education. But in view of the fact that the subscription is heavy - 17± per annual issue of 17 vols - it will perhaps be well to refer the question to a Committee of Scientific experts in the State. The question of cost was discussed at the time when the Catalogue was first subscribed for and it was thought sufficient to subscribe for only 2 copies - "one for Mysore out of six for the whole of India seems a good number."

NOTE—Contn. sheet.

GPB—50.000—18-5-08

Serial No.

2/58

17 The catalogue is a useful work required for reference by persons engaged in Scientific work & as the expenses of publication are great 2 copies have been ordered as a matter of patronage & help.

18 Since we have got about half the whole set by now it would be inconvenient to ~~stop~~ discontinue just now as the vols. already received will not be ~~so~~ of much use if they are incomplete.

19 The two sets subscribed for may be ~~so~~ allowed to be supplied. The copy now sent to the Edn. library & the museum library may be transferred to the Central College.

Issued no A 4014 d. 9.1.11.

22/ A volume of the 8th annual issue (N. Zoology) is herewith subd for the directed in para 20.

15 (125) 11-1-11 VS. 41

3/ Though It was apparently originally intended by the authorities to issue each year, the entire set of 17 Vols on the 17 different subjects, and hence probably they were called "annual" issues. But, up to date, 6 complete issues have been published, and have been paid for on receipt of the vols at the rate of ₹17 per set. The 7th annual issue of all the vols except 4, and the 8th annual issue of one vol. have also been published, and received by Govt. When the 4 vols due of the 7th issue are received for that issue the subscription will have to be remitted. Similarly, when the complete set of the 8th Issue is recd, the subn for that issue will have to be sent. This publication will go on without any limit of time, and as long as material is forthcoming. So, what is mentioned ~~in the Statement~~ in para 18 of notes above does not appear to be correct. We are now bound to pay for 13 vols of the 7th Issue & 1 vol of the 8th Issue. If it is intended to discontinue subscribing for either of or both the sets, it may be done from the 8th Annual Issue, of which only one Vol has been recd
